

**Senior Financial Analyst**  
**Full-time, Galway Office – Veryan Innovation Centre**  
**Ref: V161**

**Summary**

Veryan people are the best at what we do. We share a commitment, a passion and a vision for the contribution Veryan makes to innovation in interventional medicine.

Veryan people power Veryan's business. Whether they are design engineers, quality engineers, clinical study managers or sales specialists, our people bring an unmatched expertise in each of their fields that both inspires and challenges.

Veryan's culture of innovation helps each individual develop both professionally and personally, and our culture of respect means that we all work in a collaborative, supportive and exciting environment.

This is a new position at Veryan that has come about as we look to scale up operations and move into new territories. The position of Senior Financial Analyst provides support to the CFO and the Financial Reporting Manager. This role would be an excellent first step into industry for a newly qualified accountant who has completed a training contract with one of the larger audit and assurance firms. It is an excellent opportunity for the right candidate to make the move into the med tech industry and to grow with Veryan Medical.
